

INVITED LECTURE ON IPR( INTELLECTUAL PROPERTY RIGHTS)

## REPORT ON IPR LECTURE(DT :-14/12/2020)

An Interdisciplinary invited online lecture on IPR (Intellectual Property Rights) was conducted on 14/12/2020 by the Department of Chemistry, Salipur Autonomous College under aegis of DBT star college scheme sponsored by Department of Bio Technology, Govt. of India. Dr. Umesh Ch. Pati, Principal & Patron inaugurated the online inter disciplinary lecture and Mrs. Prakashini Roy, H.O.D Chemistry & Convenor, gave not only welcome note but also introduced the Resource person Mr. Tapan Kumar Brahma, Director, Exilyze Intellectual services Ltd, New Delhi who had delivered a marathon lecture for near about 2 hours on the Topic Intellectual Property Rights protection is key to Research Innovation. On his talk he focused how competition in the market catalysed research and innovation in the society, otherwise research will be come to an end. He narrated how from primitive age one simple screw is designed technologically to in different type for different appliance, for example one simple mobile phone is designed to smart phone and different new companies like, Samsung, Lenovo etc lunched different types of smart phone. The objective of IPR is Invention work how protected from other inventions. So patent system is helping insure the resource activities. Like the ornament design of Tanishq is unique and patented for 20 years. So the Webinar on this topic was very interesting and innovative one. In total 100 (both zoom & you tube) participants have joined the online lecture further interaction between the resource person and participants regarding the patent of research work and its protection has helped the students and faculties in enhancing the knowledge on the IPR. Dr. Asit Parija Co-ordinator of DBT college scheme of this premier institution extended vote of thanks to all and subsequently online lecture ends.
